Feedback to the course staff

Just as we have given you feedback, both positive and critical on how to improve your teaching of ESOL students, we would appreciate feedback from you, both positive and critical, on how to improve our teaching of ESOL teachers, i.e. you! (in the workshop sessions, in lesson planning, when observing and giving feedback in the practice teaching, when responding to your written work, etc.)

What should we continue to do? What suggestions do you have for improvement?
